Dedication

In these days of greater specialization and increasing stress in higher education, we are more conscious of the unique privileges granted by the continuous training from kindergarten through college. Because of the harmony and the unity of purpose of the educators in our institution at all levels of instruction and because of the special privileges in education afforded us by the college, we do gratefully dedicate this book to Indiana State Teachers College.

Message to the Seniors

Well, Seniors, our high school days are nearly finished. In our early years we looked forward greatly to getting out of high school. Now since that time is here, we are regretting it.

From here we shall all go into different ways of life, maybe never to meet again; therefore, we must make the best of whatever comes our way.

As we round out our school years, we are beginning to understand the harmony of the entire pattern. We now understand why we were requested to take certain subjects and do certain things. We are all indebted to our teachers and helpers for this. In order to help you in later years to recall your senior year in high school we present you this book. We hope you receive much enjoyment from it.

REVIEW OF THE SCHOOL YEAR

To start our school year this year, we had a new principal and two assistants. I believe that Dr. Westfall, with the help of Mr. Strong and Miss Goshorn, has taken over the responsibilities our school presents in a grand manner.

The Senior class started the activities of the year by having a mixer soon after school had begun.

Honey Creeks Y-Teens club had the first formal dance of the year (Harvest Moon) which many of our students attended.

On November 1 our basketball season began. This was a season everyone looked forward to. It extended through February.

The Annual Star Dust Dance, sponsored by the Y-Teen Innerclubs, was given in December. There were quite a number representing State High at this dance.

Wiley had their annual Sweetheart Dance in February and many of our students attended this dance also.

We could go on and on telling you about everything we have done this year, but we don't have enough space so we shall list some of the outstanding activities.

The Y-Teens sold gold and blue beanies in February and had a Hobo Party in April which was a success.

The Handbooks were distributed in January. These are a big help to new students.

Our Science Club was host to the Jr. Academy of Science held here in October.

The American Education Week Tea was held in November. Many mothers were present.

The Red Cross sent baskets for Thanksgiving, Christmas, and Easter. They had an ice cream sale in March.

"Together"

The foods class had a Christmas Wassail party for their parents and teachers.

The clothing class presented a style show for the Sr. Y-Teens.

Our radio programs have been presented once each week.

The freshman class had a Barn Dance March 14.

Not to be outdone by freshmen, the juniors held a chile supper and mixer on the following Friday night.

The all school play, "The Tinker," was presented with much success.

The G. A. A. had its intramural volley ball games and did very well for our school.

We had very many interesting pep sessions; and convocations on Fridays were usually tops. These were all very well planned.

The Supervising Teachers Conference was held here in March.

Members of our Student Council visited council meetings in other schools in April.

The senior play, "Tiger House," was presented in May and went over with a bang.

The Latin Club had their annual Roman banquet and the Spanish Club had a typical Spanish Christmas party.

Miss Sirri Sahlman from Helsinki, Finland, has been studying at the college this past winter and working with the elementary children of our school. Miss Sahlman intends to go back to Finland and resume her teaching of the elementary grades.

The Junior-Senior banquet and Prom were held early in June. We must say that we all had a very enjoyable evening.

The Senior reception for parents and friends was held.

The Baccalaureate and Commencement services were the last of our activities except for our picnic where we all joined in, and brought the school year joyfully to an end.

Members of the council have had charge of two convocations, two mixers, and a radio program. In April they visited student councils in other schools.

In this three-act play, people disappearing, weird happenings, and blood-curdling screams were mixed with sparkling comedy to make a very absorbing mystery-comedy. The picture above shows the cast as they began work on the play. Those not pictured are Rosedeana Robertson and Richard Pettus.

The Analyst Staff wishes to commend the members of this year's basketball squad, not only for ourselves but for the entire student body for their splendid attitude in upholding the reputation of our school in basketball. We all realize that your small stature and inexperience were great handicaps, but we are proud that you made up the deficiency with your fighting spirit.

Our hats are off to Captain Lyle Disney for his superb playing, excellent attitude, leadership, and all-around team play.

We also wish to praise Coach Wolf for his patience and understanding. At all times he holds ideals and strength of character above victory.

Class History

Can you find — Jean Harden, Marie Starrett, and Ralph Courtney (in the first grade class of Miss Price).

The class of '47 was the first class of first graders to enter State High. Our first year is remembered by the party that was held. Misses Helen Price and Janet Pleitz were our teachers.

In the second grade we gave an Indian play. Heap big success!—at least our parents liked it. (I think).

The rest of our elementary years were comparatively uneventful, except for the dog show that was given in the sixth grade for a convocation.

In 1943 we started our trip through high school, after two enjoyable years in junior high, by not doing anything outstanding. (The class has tried desperately to continue this practice).

Came our sophomore year. In November we gave the traditional skating party. Everyone had fun. At Christmas we sang carols in the halls.

Then we were juniors. Since the sophomores didn't give a skating party, we gave one. This also was a succes.s Come Christmas and we had a big party with plenty of fun and food. We also gave a mixer to support the Junior Prom. We had a big turnout. Our Prom was the outstanding event of the junior year. Barbara Goodwin was crowned queen. Her attendants were Carol Taflinger, Frances Lemaire, Pat McCarthy, and Naia Chopson.

Then to our amazement, we found ourselves seniors. We started the year with a mixer, which would have been a success if the juke box had been in working condition.

We began working on the Analyst in December. After much persuasion a majority of juniors and seniors had their pictures taken. Everybody in the class worked on the year book making it the best Analyst ever made by a graduating class of State High. We especially want to thank Lois Sloan, our editor, for her work on the year book.

We gave the traditional play too, using a cast from the entire high school. We had a big turnout for the play, which was enjoyed by all.

Then there was the Senior Farewell and the Senior picnic. Both were carefully planned and everyone had fun. Before we knew it we were preparing for commencement, which we were all looking forward to and yet dreading, for we have really enjoyed the years spent here in dear old State High.
